Shape	4
Ears	8
Eyes ..	15
Muzzle	4
Profile	4

BODY	25 points
Torso	10
Legs	5
Feet	5
Tail	5

COAT/COLOR/PATTERN	40 points
Length	5
Pattern	20
Color	15

CATEGORY: Traditional.

DIVISIONS: Tabby and Silver/Smoke.

COLORS: Spotted pattern ONLY, Bronze spotted tabby, Silver spotted tabby, and Black Smoke ONLY.

HEAD:

Shape: Medium length, slightly modified wedge without flat planes. Cheeks are not full.

Ears: Medium to medium large, moderately pointed, broad at base. Up-standing with ample width between ears, set well-back on head, cupped forward, alert. Short, close lying hair on outside, may have lynx tips.

Eyes: Large, rounded almond shape. Aperture is level in head with slight upward slant to lower lid. Neither round nor oriental. Gooseberry green (light green) color preferred. Allow for slow development. Amber cast acceptable in kittens and young adults up to 18 months of age.

Muzzle: Medium rounded, neither short nor pointed, rounded planes blending with overall head shape. Allow for jowls in mature males.

Nose: Even in width throughout length.

Profile: Gentle rise from bridge of nose to forehead which then flows into arched neck without a break.

BODY:

Torso: Balance between cobby and foreign types; Medium in size, medium-long length. The shoulder blades are high and angulated. There is a loose skin flap (belly flap)

Legs: Medium in length, with hind legs proportionately longer. Medium boning with well-developed musculature. The hind legs are longer than the front, but carried flexed so the back is level.

Feet: Slightly oval, almost round. Small in size, with very long toes on back feet.

Tail: Medium length, medium at base, with slight taper.

Boning: Medium.

Musculature: Well-developed.

COAT/COLOR:

Length: Medium, long enough to carry two bands of ticking.

Texture: Fine, silky, resilient and close-lying.

PATTERN: There is good contrast between pale ground color and deeper markings. The forehead has characteristic tabby "M" and frown lines which run between the ears and down the back of the neck, becoming elongated spots along the spine. On the haunches the spine lines meld into a dorsal stripe which continues to the tip of the tail. The tail is banded with the tip dark.

The cheeks have mascara lines, from the corner of the eye along the contour of the cheek, with the second line starting at the center of the cheek and curving upward, almost meeting the first line below the ear. There are one or more necklaces, broken in the center.

The shoulder markings are a transition between stripes and spots. The upper legs are heavily barred but do not necessarily match. The spots on the body are random, with variance in size and shape. The pattern on the sides of the body may be unmatched, but spots should not form a broken mackerel pattern. The haunches and thighs have stripes which break into elongated spots on the lower leg. Belly spots should have good contrast against pale ground color.

COLORS:

Silver: Pale silver ground color ticked with black. Undersides fade to brilliant pale silver. Markings are charcoal with good contrast. Back of ears grayish-pink tipped with black. Nose, lips and eyes outlined in black. Upper throat, chin and nostrils silver, appearing white. Nose leather brick red. Paw pads black with black between toes and up back of hind legs.

Bronze: Warm bronze ground color ticked with dark brown with gray undercoat close to skin. Color darkest on saddle, fading to tawny buff on sides and creamy ivory on undersides. All markings dark brown with good contrast, back of ears tawny pink tipped in dark brown. Nose, lips and eyes outlined in dark brown, bridge of nose ochrous. Upper throat, chin and nostrils pale, creamy white. Nose leather brick red. Paw pads black or dark brown with same color between toes and up back of hind legs.

Black Smoke: Charcoal gray with silver undercolor with no ticking. All markings jet black with enough contrast to make pattern plainly visible. Nose, lips and eyes outlined in jet black. Upper throat, chin and nostrils silver. Nose leather black. Paw pads black with black between toes and up back of hind legs.

GENERAL DESCRIPTION: The Egyptian Mau is the only natural domestic breed of spotted cat. The body is graceful, showing well-developed muscular strength. It strikes a balance between the heftiness of the cobby and svelteness of the oriental types. It is an

alert, active, strong, colorful cat of medium size. It should be well-balanced physically and temperamentally. General balance is more to be desired than size alone.

ALLOWANCES: Broad head and jowls in mature males. Very muscular necks and shoulders in mature males.

PENALIZE: Short or round head; pointed muzzle; full cheeks, small ears; small, round or oriental eyes; cobby or oriental body, short or whippy tail; spots on body which run together; unbroken necklaces; poor condition.

WITHHOLD ALL AWARDS: Lack of spots; wrong eye color; white locket or spots; lack of ticking in silver or bronze; ticking in smoke; red coloring in bronze. Lack of gray undercoat in bronze.

Temperament must be unchallenging; any sign of definite challenge shall disqualify. The cat may exhibit fear, seek to flee, or generally complain aloud but may not threaten to harm. In accordance with Show Rules, ARTICLE SIXTEEN, the following shall be considered mandatory disqualifications: a cat that bites (216.9), a cat showing evidence of intent to deceive (216.10), adult whole male cats not having two descended testicles (216.11), cats with all or part of the tail missing, except as authorized by a board approved standard (216.12.1), cats with more than five toes on each front foot and four toes on each back foot, unless proved the result of an injury or as authorized by a Board approved standard (216.12.2), visible or invisible tail faults if Board approved standard requires disqualification (216.12.4), crossed eyes if Board approved standard requires disqualification (216.12.5), total blindness (216.12.6), markedly smaller size, not in keeping with the breed (216.12.9), and depression of the sternum or unusually small diameter of the rib cage itself (216.12.11.1). See Show Rules, ARTICLE SIXTEEN for more comprehensive rules governing penalties and disqualifications.
