CATEGORIES: Traditional and Pointed.

DIVISIONS: All.

COLORS: All.

HEAD:

Shape: Well rounded. Prominent cheeks with a jowly appearance. Overall look should have a sweet, open expression. Should be round from any angle.

Ears: Folded forward and downward. Small, tightly folded ear preferred. The ears should be set in a cap-like fashion to expose a rounded cranium, not set high on the head. Size of ear is not as important as ear set and fold. Ear tips to be rounded.

Eyes: Wide open, large and round with sweet expression. Eye color to conform to coat color.

Chin: Should be moderate.

Muzzle: Moderate wide muzzle to have well-rounded whisker pads.

Nose: Broad and short.

Profile: Gentle curve, brief stop is permitted.

Neck: Head should blend into a short neck.

BODY:

Torso: Body should be medium and well rounded. Should be even from shoulder to pelvic girdle.

Legs: Length in proportion to body. Cat should stand firmly and show no signs of weakness or lack of mobility in the hindquarters.

Feet: Toes to be neat and well-rounded.

Tail: Must show normal flexibility and be in proportion to the body.

Boning: Medium boning.

Musculature: The Scottish Fold should have a firm, muscular body, no sign of softness or flabbiness should be present.

COAT/COLOR/PATTERN:

Length:

(SF) Should be short, double coat preferred. Should not lie flat to the body.

(SS) Semi-long. Toe tufts and

ear furnishings should be clearly visible. Ruff and britches desirable.

Texture:

(SF) Should be plush, dense and resilient.

(SS): Should be soft and stand away from the body.

Pattern: All patterns.

Color: All traditional and pointed colors accepted.

OTHER:

Balance: Body should be medium and well-balanced and well-proportioned.

Condition: Cat must exhibit a healthy condition.

Temperament: Unchallenging. The Scottish Fold is a sweet-tempered, affectionate cat and enjoys being with people.

ALLOWANCES: Seasonal changes in coat length and texture for the longhair fold.

GENERAL DESCRIPTION: The Scottish Fold occurred as a spontaneous mutation in farm cats in Scotland. All bona-fide Scottish Folds trace their pedigree to Susie, the first fold-ear cat discovered by the founders of the breed, William and Mary Ross. The Breed was subsequently established by outcrosses to both pedigreed breeds and domestic cats in the United States. One word can describe the Scottish Fold and that is ROUND in every sense of the word. Round head, body, eyes, and feet. The Scottish Fold is best known for its distinctive ears and large, round eyes, which give it a sweet, open expression. They retain a "kittenish" expression their entire life. The shorthair is medium in size with a plush, dense coat. The longhair has the same standard as the Shorthair Fold with the exception of the coat,

which is semi-long and stands away from the body. However, the longhair gives the breed a somewhat softer overall look.

WITHHOLD ALL AWARDS:

Evidence of illness, poor health, emaciation. Kinked tail. Tail lacking in flexibility.

PENALIZE: A heavy brow ridge is to be penalized as it closes down the face, making the cat look as if it is scowling or frowning and detracts from the sweet, open expression. The forehead should be smooth. A definite nose break is considered a fault. Any hint of lack of mobility in the cat due to short course legs.

Temperament must be unchallenging; any sign of definite challenge shall disqualify. The cat may exhibit fear, seek to flee, or generally complain aloud but may not threaten to harm. In accordance with Show Rules, ARTICLE SIXTEEN, the following shall be considered mandatory disqualifications: a cat that bites (216.9), a cat showing evidence of intent to deceive (216.10), adult whole male cats not having two descended testicles (216.11), cats with all or part of the tail missing, except as authorized by a Board approved standard (216.12.1), cats with more than five toes on each front foot and four toes on each back foot, unless proved the result of an injury or as authorized by a Board approved standard (216.12.2), visible or invisible tail faults if Board approved standard requires disqualification (216.12.4), crossed eyes if Board approved standard requires disqualification (216.12.5), total blindness (216.12.6), markedly smaller size, not in keeping with the breed (216.12.9), and depression of the sternum or unusually small diameter of the rib cage itself (216.12.11.1). See Show Rules, ARTICLE SIXTEEN for more comprehensive rules governing penalties and disqualifications.
